

WALKING TO COMPOSTELA

ROAD SAFETY ADVICE FOR WALKING THE CAMINO

- Walk safely:
Along signposted paths or sidewalks or, if necessary, using the hard shoulder or roadway. With caution and generally on the left.
 - In a single file, if walking with a group.
Avoid crowding on the roadway.
 - Enhance your visibility:
Wear reflective gear on your clothing, your backpack... **MAKE YOURSELF VISIBLE.**
 - Always look both ways before crossing.
 - When crossing the road, do so at places designated to cross or, failing this, at areas with high visibility. Do not cross the road diagonally.
- Do not be slow in crossing and do so without stopping:
STAY AWAY FROM HAZARDS.
