

MERIDIANS

Meridians is the European network for the performing arts in non-conventional venues. It was established in 2006.

www.meridiansnet.org

It is currently formed by 9 street arts organisations and festivals: Ana Desetnica (Slovenia), FiraTàrrega (Spain), Inteatro Festival (Italy), ISTF-MiramirO (Belgium), Mala performerska scena (Croatia), Scènes de Rue, Mulhouse (France), SIRF-Event International (United Kingdom), St. Patrick's Festival (Ireland) & Stockholm Culture Festival (Sweden).

The aim of Meridians is to become a network of the European professional street arts festivals and promoters of the EU countries.

Meridians counts on a successful previous background: a 2007-2009 European funded project which led to the creation of 3 co-productions: *Alhambra Container*, Osmosis Cie-Ali Salmi; *Menus Larcins*, Délit de Façade and *Remember the Future H2O*, AntagonTheaterAKTion.

2011-2013

The main goal of the project is to create **an opportunity** for emerging artists and companies to develop new performance pieces that investigate **fresh artistic expressions** in the field of **street arts** and in **non-conventional venues**, and to match the commissioned companies with experienced creators to assist their artistic process. Underpinning the **dissemination** of the produced work, the leading arts festivals form a supportive steering group to enable the management of the project to be facilitated, ensuring that the resulting work is **seen by thousands** of spectators across Europe.
