Short presentation of your organisation (key activities, experience)	<p>Preili County Council is a local municipality located in the South-East part of Latvia - Latgale region, not far from border with Lithuania, Belarus and Russia. Preili city founded in 1928, but the Preili County - in 2000. County includes Preili city and 4 rural municipalities – Aizkalne, Peleci, Preili un and Sauna. The area of Preili County is 364,41 km², about 10 thousand people are living in this territory.</p> <p>The smart and sustainable principles of territory development are included in the “Preili County Development Programme 2018-2024”, there are 3 main long-term goals:</p> <ol style="list-style-type: none"> 1) Environmental quality of life and human resource development (education, culture, health care, social assistance, social services and recreational services) and preservation of cultural heritage; 2) infrastructure development and availability / accessibility; 3) environmentally friendly business and economy development, and employment promotion, innovation support. <p>A number of different projects and activities have been implemented in Preili municipality (more than 40 by May, 2020, total amount about 24 million EUR). Mostly of them are at local level and related to development of local community infrastructure – reconstruction of roads and schools, creation of business environment, improvement of public education, health, social skills etc. co-funded by European Union and Latvian state.</p> <p>Preili County is famous for its places of attraction</p>

	and cultural heritage. The most beautiful is "Preili Manor Complex with a Neo-gothic palace and the 18th century landscape romantic park" (area of 43 ha). The municipality has made some first steps in reconstruction of this object to preserve and to develop it for public access as tourism attraction. Local community needs to be activated to become aware of cultural heritage importance and potential.
Description of the project	
Action, Measure in the framework of „Europe for Citizens“ Programme	Networks of Towns
